

My Order Form to The Universe

What I want:

What beliefs would someone have to hold to manifest this in his or her life?

Yes, I will commit to change the above beliefs.

How will my life be different when I receive this?

I request help in manifesting my desire from:

Order options (choose none, any or all):

- Deliver with ease and elegance
- Send sign of acceptance within 72 hours
- Bring conflicting beliefs to my consciousness gently

Payment options (choose three):

- Giving up seeing myself as a victim (including giving up my self pity).
- Giving up feeling like a martyr (feeling unappreciated and/or misunderstood).
- Giving up control (about how it will look when it manifests). Note – For faster delivery – include gratitude. It doesn't matter about what... about everything. Make a list:

20. _____

(Seriously? 25 things is too many? *What* exactly is it you want again? And *how* do you plan on paying for that without gratitude? Small price, my friend, small price...)

Now, burn this form (with gratitude and reverence) to release it to The Universe. And watch and prepare for your delivery.
