GROUNDBREAKING SELF-HELP BOOK TRANSFORMS READERS LIVES

***The Map* - Provides 7 Steps to Creating Your Own Reality**

Denver, Colorado, May 9, 2013 — Boni Lonnsburry, an expert in “conscious creation” imparts her groundbreaking system to “create your own reality” in her powerful self-help book, *The Map To Our Responsive Universe — Where Dreams Really DO Come True!*

Currently the CEO of Inner Art Inc., Lonnsburry’s expertise in conscious creation stems from her personal experience applying the laws of attraction to her own life, her process of self-discovery, and the life-changing journey that transformed her from being jobless in 2000 to a millionaire in five years.

While Lonnsburry’s rags-to-riches tale is compelling, *The Map* is not a memoir. Boni’s intention, her joy and passion in writing this book is to help others discover their own power to create their “dream life” by sharing with readers the ideas, tools, and techniques she herself has mastered.

The Map offers readers a step-by-step guide to living a completely satisfying life. It empowers people to discover, clarify, and ultimately achieve their dreams in seven clearly outlined steps:

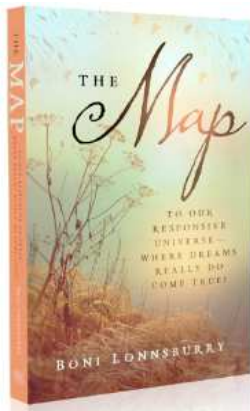

- Acknowledge who you are
- Know what you want
- Flow energy toward your desire
- Take action toward your desire
- Notice the response from your reality. Respond to that response
- Be in joy, in the moment, as if you have the dream
- Request help from unseen friends

Lonnsburry attests that “everyone has the ability to have it all if they follow the lessons in *The Map To Our Responsive Universe — Where Dreams Really DO Come True!* If people had the power to have it all, everything they ever wanted, would they use that power? The answer is a no-brainer. Now there is *The Map* to help people discover that power within.”

To achieve success, love, happiness and inner peace, Lonnsburry has provided *the* map for living the best life.
